

Bean Programme

Key Benefits

- Stronger plant growth for improved fungicide performance
- Improved growth in saline conditions
- Fewer calcium related disorders
- Higher productive yield
- Protection against daily stress
- Improved root development
- Low nitrogen losses to the environment
- Higher weight/root
- Growth habit improvement
- Less ground water residues
- Improved crop uniformity

Application 1 From 2 leaves but before post-em herbicide	Application 2 Early Flowering	Application 3 Mid-Late Flowering
 Leodita 2 L/ha	 XSTRESS 1 L/ha	 XSTRESS 1 L/ha
	 CalFlux 1 L/ha	 CalFlux 0.5 L/ha

NHCaDelta NHKDelta

Improves yield and extends productive life

NHDelta products are designed to resist leaching. Thanks to better stability of nitrogen, total loading of nitrogen into the crop can also be significantly reduced. NHK Delta is a slow-release potassium fertiliser which enhances crop quality, production, rooting and stress tolerance in your crops. Specially designed for optimum plant growth.

CalFlux

Better delivery system for calcium absorption

Calflux is a better delivery system for calcium absorption. It allows plants to absorb and maintain calcium in parts that suffer from symptoms of calcium deficiency

1-4-All

Balanced range of micro-elements

14-All is one product for all crops. Designed to complement our range of Delta and CalFlux products, 14-All contains a balanced range of micro-elements for optimised plant growth.

XSTRESS

Protect your crops from the most extreme stresses

XStress is specially designed to minimise the negative effects of environmental stresses on your crops. Its unique blend of nutrients helps protect crop growth in extreme conditions.

RAINBOW WAVE

Liquid nutrition higher quality fruit and flowers

Rainbow Wave is designed to help plants to grow more, higher quality fruits and flowers with a specially balance mixture of boron and molybdenum.

TipTop

Water soluble 'Lightning fast' nutrition

TipTop is a specially formulated, water soluble, sprayable foliar feed with the full compliment of macro and micro-elements with "Lightning" technology for rapid uptake.

Leodita

An organic soil improver for healthy crops

Leodita is an organic soil improver based on micronized leonardite with a high content of humic and fulvic acids, made with 100% natural high quality Leonardite
